Helpful Hints:

- Refill prescriptions before you run out. Call for refills when you have at least 3 or 4 days left.
- Use cues as a reminder to take your pills (after a meal or favorite TV show, or before bedtime).
- Use reminder aids such as beepers, alarm clocks, and pillboxes. Ask your pharmacist about these.
- Plan ahead (vacations, travel, count out weekly doses).
- Do not stop taking your medications until you have spoken with your health care provider or pharmacist.
- If you have a severe reaction or in case of emergency, contact your health care provider IMMEDIATELY.
